SSKS Resources on Drugs & Alcohol

14th April 2011

Did you know that the Social Services Knowledge Scotland website (SSKS) can give you access to FREE information and learning resources on key topics for addictions staff, all gathered together in one place?

This newsletter highlights just a small sample of the resources available on www.ssk.org.uk that you might find useful:

Have you got your Athens password?

Everyone working in social services in Scotland is entitled to an NHS Athens password. Have you got yours yet?

Your Athens password will give you FREE access to the **Journal of Social Work Practice in the Addictions, Drugs & Alcohol** today and many more through SSKS!

Simply visit www.ssk.org.uk and click **Login/Register** to get your password.

Effects of substance use on children

[Understanding and modifying the impact of parents' substance misuse on children](#)

The Royal College of Psychiatrists, 2010

[Children affected by substance misuse in the family: an assessment of the nature and prevalence in the Borders](#)

Borders Drug & Alcohol Action Team, NHS Borders, 2010

Alcohol and young people

[Children, young people and alcohol](#)

Department for Children, Young People & Families, 2010

[Factsheet: young people and alcohol](#)

Alcohol Concern, 2010

[Untold damage: children's accounts of living with harmful parental drinking](#)

Scottish Health Action on Alcohol Problems (SHAAP), 2010

Drug Overdose and Overdose Prevention

[Strategies for preventing heroin overdose](#)

British Medical Journal, 2003

[Working with overdose and suicide](#)

STRADA, 2010

[Reducing drug users' risk of overdose](#)

Scottish Government Social Research, 2010
